ADDITIONAL COMMENTS
Audit was conducted concurrently with audit Gebbers Farms. The two companies share management, ownership, and several policies/records.

## Conditions Under Which an Automatic "Unsatisfactory" Will be Assessed:

- An immediate food safety risk is present when produce is grown, processed, packed or held under conditions that promote or cause the produce to become contaminated.
- The presence or evidence of rodents, an excessive amount of insects or other pests in the produce during packing, processing or storage of produce.
- Observation of employee practices (personal or hygienic) that have jeopardized or may jeopardize the safety of the
- Falsification of records.
- Answering of Questions P1 or P2 as "NO".

## Auditor Completion Instructions

- For clarification and guidance in answering these questions, please refer to the Good Agricultural Practices & Good Handling Practices Audit Verification Program Policy and Instruction Guide.
- Farm/Facility must be in operation during audit. This means for a farm audit, perform the audit while the crop is actively being grown, a field harvest/field harvesting activities audit shall be performed while the product is being harvested, etc.
- Place the point value for each question in the proper column (Yes, No, or N/A).
- Gray boxes in the "N/A" column indicate that question cannot be answered "N/A".
- Any "N/A" or "No" designation must be explained in the comments section.
- The "**Doc**" column:
  - A "**D**" indicates that a document(s) is required to show conformance to the question. A document may be a combination of standard operating procedures outlining company policy as well as a record indicating that a particular action was taken.
  - A "**R**" indicates that a record is required to be kept showing an action was taken.
  - A "**P**" indicates that a policy/standard operating procedure (SOP) must be documented in the food safety plan in order to show conformance to the question.
